

## SUMMER BLENDS FOR LOCAL HERDS

**NEW ZEALAND'S  
NO.1 MANUFACTURER  
OF CUSTOM BLENDED  
STOCKFEED DEVELOPED  
TO MEET INDIVIDUAL  
HERD REQUIREMENTS**

*Seales Performance Stockfeed have a range of loose blends available to suit New Zealand conditions. With an increased focus on improved productivity Seales has developed SMP and Triple Mix Protein Blends as superior alternatives to straight PKE. These products contain a variety of ingredients (including PKE) to offer a lower cost alternative to pelleted feed whilst offering better digestibility and performance than PKE alone.*

*If you want to improve the performance and/or condition of your herd and need a product that's safe to feed ad-lib but want to take the next step up from PKE then try Seales SMP or Triple Mix Protein Blend.*

### CHOOSE THE FEED THAT SUITS YOUR HERD..

	Triple Mix Protein Blend	SMP	PKE
Crude Protein (%)	21	14	16
MJ, ME/kg	10.5	12	11.5
NDF (%)	39	40	62
Crude Fibre (%)	14.9	14	18

\*Approximates on a dry matter basis  
\*\*Custom blending of additives may alter final product specifications

- 🌀 Safe to feed = can be fed ad-lib in trough or feed-pad situation
- 🌀 Enables extended lactation = Increased profitability
- 🌀 Improved cow condition = Better calving and improved early season milk flow
- 🌀 Lower cost = Less budget stress
- 🌀 Triple Mix Protein Blend contains lime and therefore should not be fed 4-6 weeks prior to calving

### INGREDIENTS SELECTED FROM..

PKE, Molasses, DDG's, Lime, Seaweed Algafeed (\*Leilinaire), Canola, Cottonseed Meal, Soya, Zeolite

\*Leilinaire Seaweed Algafeed is EXCLUSIVE TO SEALES and is extracted from pure natural seaweed. Leilinaire includes 12 identified vitamins, 13 identified minerals, 18 different amino acids as well as carbohydrates.

All information is presented in good faith using a globally accepted raw material matrix, however, variation in values and the outcome of feeding this product may occur. The blend of ingredients in this formulation may vary according to supply and demand.

### NIRS:

(Near Infrared Spectrometer).

Seales test all finished products with a FOSS NIRS to ensure its products meet specification. This is recognised as the most accurate rapid analysis in the world.
